GET AHEAD IN

HOSPITALITY LAUNDRY

TOMORROW'S LAUNDRY SOLUTIONS FOR EXCELLENT HOSPITALITY SERVICE...

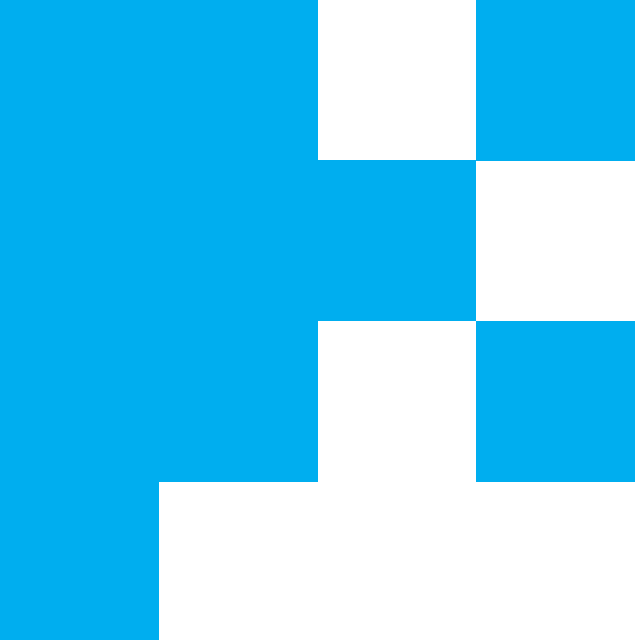

In the competitive hospitality industry, one distinguishes itself on a wide range of services offered to the guests: restaurant service, room and hotel accommodation, reception... all consist of an extended list of aspects that determine the guest's satisfaction.

The **hotel laundry service is at the very core of this satisfaction.**

Soft bed linen, impeccable tablecloths and stiff ironed napkins underscore the superior experience your guests expect when staying over at your hotel.

And the linen used is very different according to its purposes: extra wide sheets made of very fine woven cotton with a satin feel, towels and robes from thick Egyptian, Brazilian or American cotton with long fibres, tablecloth woven of cotton with acryl coating... they all need a different treatment to ensure a longer lifetime and an optimal quality.

DELIVERED TODAY BY THE LEADING INNOVATOR

The **choice for a laundry solution** to give the best treatment to your linen **is the choice for the degree of service** you wish to give to your guests. When it comes to excellent hospitality service, **Primus** offers you the most advanced solutions for keeping your linen at the same excellent level. In-house laundry solutions provide a huge advantage compared to outsourcing. With the wide range of **Primus** equipment, you find the most innovative solutions tailored to your organization.

Primus has successfully proven to be an expert in innovation. Diverse features developed by **Primus** have been trademarked and have turned out to be the first development in what later became an industry standard. Today, **Primus** keeps setting that standard with key benefits and distinct features that provide equipment with state of the art technology, eco-friendly cleaning services and flexible solutions that meet your total in-house laundry needs

If you are on top of your business today and wish to stay first in class tomorrow, don't hesitate about your laundry solutions partner. Primus offers you the best solution for superior performance.

PRIMUS TECHNOLOGY FOR EXCELLENT HOSPITALITY SERVICE

1. GREAT WATER AND ENERGY SAVINGS

WASHING

- 20% less energy consumption
- 25% less residual moisture
- better results with up to 30% less water consumption

POWERWASH®

DRYING

- increased drying efficiency thanks to innovative heat pump drying technology
- increased total airflow with combination of radial and axial airflow
- reduced electricity consumption by more than 65% in drying
- less than 5kW power installation needed
- closed loop system without external exhaust pipe
- shortened drying cycle time thanks to enforced air flow through drum ribs

EVO⁴
DRYING TECHNOLOGY

2. PROCESS OPTIMIZATION FOR BETTER RESULTS

WASHING

- more efficient water extraction
- extremely low percentage of humidity
- linen does not stick to the unique Cascade™ drum
- complete tracking of washing cycles
- recording washing parameters in memory
- assured conformity to hygienic standards
- ready to use the liquid chemicals
- easy and plug and play solution

TRACE-TECH®

senso.speed®

IRONING

- adjusted ironing speed according to residual moisture
- no wet linen after ironing

3. OPTIMIZED LABOUR EFFICIENCY

WASHING

- intelligent water and soap filling depending on load weight
- unlimited programming possibilities
- user friendly and easy to read display
- USB plug for fast and easy uploading of new washing programs
- Multilanguage and easy-to-use touchscreen controls
- 99 cycles
- connected through the cloud
- i-Trace dashboard

I-TRACE® YOUR BEST ALLY FOR EXCELLENT LAUNDRY MONITORING. Exclusively available with XControl FLEX PLUS controls

Our new cloud-based laundry dashboard gives you full control over your business in the easiest way possible.

GET CONTROL OF YOUR LAUNDRY

- Records and statistics for each wash load
- Program your machines to tailor your laundry process to your exact needs.

CONTROL EACH PART OF YOUR BUSINESS

- Monitor the working shift efficiency, costs/kg, cost/shift
- Get automated maintenance reports, and more.

LAUNDRY PEACE-OF-MIND FROM THE WORLD LEADER

Choosing Primus gives you access to the resources of Alliance Laundry Systems for all your laundry solutions needs in the days, months and years ahead.

Alliance Laundry Systems makes the world cleaner as the premier provider of laundry solutions. We deliver leading performance in commercial laundry through our family of brands, including Primus. Laundry is our sole business.

Alliance leads the world in commercial laundry sales, product range, global reach and R&D investment. We serve more than 140 countries with a team of more than 2,900. Check out the advantages you enjoy with us:

- **SUPERIOR TECHNOLOGY**

The world needs faster, easier, better laundry. In recent years, we've invested heavily in R&D to make it happen using the best possible technology. Our global team of laundry scientists, engineers and designers are dedicated to purpose-driven laundry innovation.

- **STRONGER NETWORK**

You're never too far from better laundry, thanks to expert Alliance teams in 14 strategic locations worldwide and over 1,200 specialist commercial laundry distributors. No matter where in the world you are, big help with big laundry is always within reach.

- **BUSINESS AND FINANCIAL SERVICES**

We aim to make laundry as cost-effective and rewarding as possible. In some regions we support our customers with comprehensive financial services. In the past 20 years, we have helped laundry entrepreneurs grow with over USD2 billion in loans.

- **COMPREHENSIVE TRAINING**

Alliance Laundry Systems University (ALSU) offers training for everyone involved in the laundry process. Our laundry learning programs include operator training, service schools, maintenance seminars, business training and much more.

- **AWARD-WINNING CUSTOMER SUPPORT**

Our outstanding customer service is dedicated to helping you develop the most efficient laundry operation possible- and keeping it running at peak efficiency. Order Alliance Genuine Parts today and experience our exceptional service for yourself.

- **MEASURABLY BETTER**

To get the excellence you deserve, you can rate our services at every interaction. If you're not happy, let us know and we'll make it good. Were we helpful? Share your approval. Our team thrive on a positive vibe. Understanding your satisfaction helps us improve our performance.

WIDTH <-->
FROM 2000
TO 3200MM

PRODUCT FEATURES

- Integrated feeding and length folding
- Easy to operate microprocessor: 20 pre-set ironing programs
- Reverse mode possible
- Frequency controlled motors
- Easy to remove lint filters
- Anti-static bar
- Cross folder and stacker available

* IFF - automatic feeding and folding

“Our machines are easy to use and quiet in operation”

Ann Bal
Owner of Ibis Styles Zeebrugge, Seabrugge (Belgium)

“I am very pleased with the new Primus washer-extractors and tumble dryers that we bought in January. The machines are easy to use, quiet in operation and easy in maintenance. They give outstanding washing performance and do the job in a fast and efficient way. Since buying our own Primus laundry equipment, we spend significantly less on doing laundry. We are convinced that our machines offer great value for money, because of their reliability and expected durability.”

“We know that we can rely on our Primus washer-extractor”

Vincent Dewilde
Owner of Hotel Gravensteen, Ghent (Belgium)

“When we needed to buy a new washing machine a few years ago, Primus came out best regarding value for money. Because we process large loads of laundry on a daily basis, we needed a reliable and solid washer-extractor. Our washing machine runs day and night and we have not encountered any considerable problems. We are still satisfied with our choice for Primus we made back then. Our machine does what was promised and we know that we can always rely on Primus.”

“If I had to buy a new machine, I would definitely choose Primus again”

Dominique Quibus
Head technician at Novotel Toure Noire and Novotel Grand Place, Bruxelles

There’s a reason why we have been a loyal Primus customer for over 17 years now. We are extremely satisfied with the service Primus offers and the outstanding quality of the machines. Our oldest machine was bought in 1999 and still works fine. Last year, we bought a new one and it exceeds our expectations. I am also very satisfied with the Customer One program. The technicians know the machines inside and out, they are always well prepared and they intervene within two working days. If I had to buy a new machine, I would definitely choose Primus again.
